PROFILE

MCA student passionate about crafting clean, intuitive user interfaces and building seamless cross-platform mobile applications using Flutter. Actively experimenting with AI integrations to develop autonomous AI agents. Currently expanding backend skills with Node.js to transition into a versatile full-stack developer role.

EDUCATION

Master of Computer Applications (MCA)
Government Engineering College, Thrissur (KTU) - Expected 2028
B.Sc. in Computer Science
St. Thomas College (Autonomous), Thrissur - Graduated 2026
Higher Secondary Education (Plus Two)
St. Aloysius Higher Secondary School, Elthuruth - Completed 2023

TECHNICAL SKILLS

Languages and Tech: Python, C++, Flutter, Node.js, HTML, Java, Express, Dart
Tools and Databases: Firebase, Cloud Firestore, Supabase, Gemini API, WordPress, Elementor
Soft Skills: Leadership, Communication, Problem Solving, Adaptability, Critical Thinking

PROJECTS

The Socratic Rubber Duck
Developed a web application designed to assist programmers in debugging code through guided Socratic questioning. Technologies: Node.js, Express, Gemini API
Church Management System
Built a comprehensive dual-application architecture connecting a management portal with a dedicated parishioner app. Technologies: Flutter, Firebase, Cloud Firestore, Supabase
Python Snake Game
Created an interactive classic game with engaging gameplay mechanics and responsive controls. Technologies: Python, Data Structures
GuessMe
Created an interactive guessing application featuring an engaging user interface and logic. Technologies: Flutter, Dart, Shared Preferences

WORKSHOPS AND CERTIFICATIONS

Data Analytics and Visualization (April to May 2025): 60 hours of training and final exam on core data analytics and visualization principles by iLike.
Python Full Stack Developer (2023 to 2024): St. Thomas College. 60-hour value-added course covering front-end and back-end development using Python.
Website Designing Workshop: Hands-on workshop on WordPress and Elementor covering responsive websites, theme customization, and drag-and-drop page building.

CO-CURRICULAR ACTIVITIES

Conducted and coordinated a quiz competition during Srishti (techno-cultural fest), demonstrating event coordination and content preparation skills.
